

August's Program, Volunteer, and Event Updates

Read our latest and exciting updates!

Announcements

Grow a Row Program

We are excited to announce the launch of our new program, Grow a Row. Do you have a surplus of fruits and vegetables in your garden? Donate a row or more to us to expand healthy, food access to individuals and families.

GARDEN MENTORING PROGRAM

Having a garden full of fresh and healthy produce is possible!

This program works by connecting experienced gardeners with gardeners of all-levels to strengthen food production in our community.

Mentors provide support to gardeners of all levels to help them set and reach their growing goals. Mentors will also be a resource to other gardeners on how to get started, what to plant, and how to care for their gardens.

Mentees are those looking for guidance on how to grow, maintain, and harvest their gardens successfully. Mentees will be paired with an experienced mentor to receive one-on-one support throughout the growing season.

Garden Mentoring Program

We have just launched a brand-new program, Garden Mentoring, to connect experienced gardeners to those looking for support and promote gardening knowledge and practices in the community. Contact Katie Case to sign up!

Program Updates

Seedling Foster Care Program

We had a successful first year in our new program. We had 7 volunteers donate tomatoes, broccoli, cauliflower, bell peppers, and squash. They were transplanted into our production gardens and they will be distributed into our Shares bags this growing season. Thank you to our wonderful volunteers who increased food access for Albany County, Wyoming!

Kids Out to Lunch

We are wrapping up our summer Kids Out to Lunch program soon. Be sure to stop by and grab a free, delicious, to-go lunch made by our amazing team!

Kiwanis Park Community Garden

Harvest Season is upon us! Plot stewards have been nurturing their raised beds all summer and their efforts have led to another bountiful year! If you visit the gardens, you will not only see the fruits of their labors, but also beautifully decorated raised bed signs that each plot steward has crafted themselves.

Volunteer Updates

Volunteer Highlights

Thank you to Morgan for helping our Shares team harvest spinach in our production garden. We appreciated and enjoyed her time with us!
