Information Needed for the Seedling Foster Care Program

Supplies:

1. Do you have all the supplies needed to start seedlings? The supplies include: seeds, soil, small containers to grow seeds, and water.

- ☐ Yes, I have the supplies needed to start seedlings and I have started seedlings before. Therefore, I do not need help or have any questions. I will keep in close communication with Feeding Laramie Valley on its progress.
- ☐ Yes, I have the supplies needed to start seedlings, but I have not started seedlings before and have questions and need help.
- ☐ No, I do not have all of the supplies needed to start seedlings. I need the supplies donated to me and need help.

Please email your response to hanna@feedinglaramievalley.org.

Seedlings:

2. From the list below, what seedlings will you be starting for Feeding Laramie Valley? Plants are listed in descending order of what seedlings we need most, to what seedlings we need least (E.g. we need more tomato seedlings than okra seedlings). Although these types of seedlings are preferred, Feeding Laramie Valley will accept seedling donations of any variety. It is preferred that seedling donations are between three and five inches tall at the time of donation.

- ☐ Tomatoes (Seeds can be started anytime between early March to the end of May)*

- ☐ Bell peppers (Seeds can be started anytime between early March to the end of May)*
- ☐ Broccoli (Seeds can be started anytime between early April to the end of May)
- ☐ Cauliflower (Seeds can be started anytime between early March to the end of May)
- ☐ Brussel sprouts (Seeds can be started anytime between early April to the middle of May)
- ☐ Green cabbage (Seeds can be started anytime between early March to the end of May)
- ☐ Okra (Seeds can be started anytime between early April to the end of May)

*Tomatoes and peppers are planted earlier than the other varieties, so it is preferred that these are donated the last week of May or the first week of June, but we will still accept tomato and pepper seedling donations through the end of June. All other varieties will be accepted to the end of June.

Please email your response to hanna@feedinglaramievalley.org.

Start Date:

3. Please fill in what type of seeds you are going to plant and the date you plan to start your seedlings.

Type of Seedling	Date Seedlings were Planted	Number of Seedlings
<i>Example: Tomato</i>	<i>Example: April 10, 2010</i>	<i>Example: 10 seedlings</i>

End Date:

4. When your seedlings are ready to be donated to Feeding Laramie Valley, please coordinate with Reece Owens, Food Production Coordinator, a date and time to drop off your seedlings to our building at 968 N. 9th St., Laramie, WY 82072.
